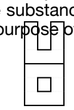
54 Inside, I am Gathering into one unity by Heaven's leading impulse Outside, I am Guarding against the over-extension of Earth's heavenly yield

In Degree 53, Sign 55: I am Moving with Enlightenment

On the Foundation, I am Casting Enlightenment; and
In the Development, I am Moving Sound.

I Am Aligning Sound Moving With Light Shining To Bring Both to Their Maximum Limit.

In the Sign of Moving With Enlightenment, the symbol of light shining is on the bottom, and the symbol of sound moving is on the top. The substances of light and sound align with one another and supply one another to accomplish the purpose of Moving With Enlightenment.



The light and the sound are both growing with the help of the other to reach their own maximum limits.

The light is shining to symbolize the examination, evaluation, and illumination of the subject. And, when the light of illumination is aligned with, and increased by, a moving sound, then I am speaking with decisiveness and authority.

Metaphorically, I am holding a trial to disclose the inclinations and the realities of a case. This function of disclosing the real tendencies within a dispute is only capable of being developed and completed from an enlightened perspective.

In Degree 54, Sign 56: I am Stopping with Enlightenment

I am the Light on the Mountain.

In the Sign of Stopping with Enlightenment:

On the Foundation, I am a Calming, Still Mountain;
In the Development I am Light Casting.

The Symbol of Casting Enlightenment is located in the position above which indicates that the essence of Casting Fire of Enlightenment is of higher importance than
The Symbol of the Stilling Mountain which is located in the position below, and which is of a lower level of value.

The essential and permanent attribute of the Stilling Mountain is that the Stilling Mountain is stationary;
The Stilling Mountain is not meant to be moved;
The Stilling Mountain is unchanging.

The essential and permanent attribute of the Casting Light is that the Light is making a long journey;
The Light is moving from this place to another; and
The Light is wandering over time, without a particular space or position.

When joined together and united,
The Casting Enlightenment and Stilling Mountain cause a Vanishing and Departing of the Casting Light, and
The Casting Light has no particular space, rank, status, or position to occupy.

When someone or something reaches the moment when they cannot further continue,
Then, the person or thing inevitably becomes unable to find, follow, or understand their own status, rank, or placement; and
The person or thing loses control over their position and placement.

When someone or something loses its position,
Then, they have the requisite, essential, and basic requirements of also losing their satisfied state of undisturbed and tranquil happiness.

When someone loses their satisfied state of tranquil happiness,
Then, the loss of tendencies towards pleasurable words and feelings cause:
Walking, Treading, and
Marching Out a military manner of progress and continuity.

Consequently, in the Procedure of Heaven,
The Sign of Marching Out follows after the Sign of Thickening Up.

However, in following the wisdom and lessons, I am not losing my alignment with enlightenment, and instead of being forced to March Out, I am Stopping with Enlightenment - After Moving Sound with Enlightenment in Degree 53, Sign 55.

Notice that, in the 2nd position of Stopping with Enlightenment, I am stopping at my campsite and cherishing my supplies and assistants.
